

WORKPLACE BLESSING

Words & Music

Jim Croegaert

We ask you, Lord, to bless this place
To let the richness of your grace
Touch everywhere within this space
And fill it with your love
With your holy love

We're gathered here to ask that you
Would bless the work that people do
To make it good and make it true
And fill it with your love
With your holy love

Praise to the One who made us
Who claimed us
Enflamed us
Praise to the One who gave us
Life

We ask you, Lord, to bless this place
To let the richness of your grace
Touch everywhere within this space
And fill it with your love
With your holy love
With your holy love
